Summary of Provisions in SB 1811

- SB 1811 is the Comptroller's fiscal matters bill we pass each session containing mostly technical adjustments to allow the Comptroller to better administer the duties and functions of her office.
- This session, SB 1811 also contains the statutory changes necessary to balance the state's budget (HB 1).
- Passage of SB 1811 is essential to balance the budget for the next biennium.
- SB 1811 works hand-in-hand with the balancing of next biennium's budget (HB1):
 - HB 1 spends \$80.6 billion in General Revenue, a 2% (or \$1.6 billion) decrease from FY 2010-11
 - HB 1 spends \$172.3 billion in All Funds, an 8.1% (or \$15.1 billion) decrease from FY 2010-11
 - \$3 billion added to HB 1 during the conference committee
 - \$2 billion went to public education
 - \$1 billion primarily spent on funding transportation projects, higher education, and prison capacity
- SB 1811 does **NOT** include:
 - any new fees
 - any new taxes
 - franchise tax speed-ups
- SB 1811 does include:
 - \$1,000,000 small business tax exemption
 - public school finance plan (see attachment)
 - deferral of one month payment to school districts in August 2013 which saves an additional \$ 2 billion

SB 1811
Public School Finance Q & As

Q: Why aren't school districts getting the same amount of money for this biennium they got last biennium?

A: Due to the recession and lack of federal stimulus money (ARRA), we had to reduce public school funding by \$4 billion.

Q: How are these reductions in public school funding taken?

A: The reductions are taken as follows:

- Year 1 (FY 2012):
 - \$2 billion are taken by an across the board percentage cut (Eissler plan)
 - an additional \$830 million (Edujobs) is distributed to the school districts minimizing these cuts
- Year 2 (FY 2013):
 - \$500 million is taken by an across the board percentage cut
 - \$1.5 billion is taken through a reduction of the target revenue hold harmless entitlement (Shapiro plan)

Q: Why did we have to change the law in order to redistribute money to school districts?

A: We need to change the law for the following reasons:

- The State of Texas does not have enough money to fully fund the school districts for next biennium under the current law.
- We would run out of money in the late winter or spring of 2013.
- Under current law, we would start next session owing the school districts \$4 billion.

Q: Under SB 1811, what happens during the interim and next session?

A: A joint legislative committee will review all school finance options during the interim to decide the best way to fund public schools. Starting next session, like all other state appropriations, the funding of public schools will be debated and determined by the Legislature. Members will have the opportunity to provide input in this discussion during the appropriations process in the House Appropriations Committee and on the House floor during the debate of the budget bill.

Q: What does SB 1811 do to formula funding?

A: SB 1811 does not change the weights or adjustments in formula funding. Next session, the Legislature will have an opportunity to change formula funding, if so desired, through the regular appropriations process.

Q: What happens to target revenue hold harmless?

A: The bill repeals all target revenue hold harmless in 2018, unless the Members of the Legislature change the law in any session between now and then.

Q: Is SB 1811 a two-year (or permanent) plan?

A: Next session, Members will need to adopt a new plan or revise the existing plan. This will be done through the joint legislative committee during the interim and through the appropriations process.

School Finance Provisions in SB 1811

SCHOOL FUNDING

Fiscal Year 2012

- Prorates district entitlement across the board in the amount of \$2 billion a year by reducing regular program funding.

Fiscal Year 2013

- Prorates district entitlement across the board in the amount of \$500 million.
- Reduces target revenue hold harmless entitlement in the amount of \$1.5 billion a year.

Fiscal Years 2014 and beyond

- The regular program adjustment is set by the legislature through the appropriations process.
- Target revenue hold harmless reductions are set by the legislature through the appropriations process.
- Includes intent language that the legislature continue to reduce target revenue hold harmless and increase the basic allotment.

Fiscal Year 2018

- Repeals target revenue hold harmless.

ADDITIONAL CHANGES

- Establishes an interim a joint legislative committee to evaluate the overall structure of public school finance.
- Repeals the funding gain limitation implemented last session with HB 3646.
- Modifies the proration statute to apply proportionate reductions to all districts. Districts are not entitled to prorated amounts in the subsequent biennium.
- Repeals the current statutory provision that raises the basic allotment when state property value increases.
- Allows districts to forego an additional public hearing if they set their I&S tax rate at a level lower than previously discussed publicly.
- Corrects the current minimum salary schedule by establishing dollar amounts and resets the factors off the basic allotment.

SUBJECT: District Runs for Model 912-887

Per your request, attached you will find an analysis of the estimated revenue impact on school districts and charter schools of the school finance changes contained in Senate Bill 1811, as agreed to on May 27, 2011. Included in this analysis for fiscal year 2012 is the current allocation of federal funds under the Education Jobs Fund (Edujobs) grant.

Explanation of the district run: The attachment shows estimated changes to the maintenance and operations (M&O) revenue of school districts and charter schools under the proposed school finance legislation, as compared to estimated M&O revenues that would be generated under current law, for fiscal years 2012 and 2013. The amounts shown are estimates produced by Legislative Budget Board models 912 (for fiscal 2012) and 887 (for fiscal 2013). The estimates are based on updated projections of student counts, district property values, and tax effort in those years, and may differ from projections produced under different assumptions. Additionally, district revenues under both current law and the proposed school finance changes may differ from these estimates once actual student counts, property values, and tax effort for the given years are final.

WADA: Students in weighted average daily attendance. Where amounts are shown on a “per WADA” basis, the revenue or revenue change is divided by the estimated current law (CL) WADA count for the given year.

M&O Revenue: This includes state and local revenue generated under the sections of the school finance system that apply to a district’s maintenance and operations tax rate.

Edujobs: These funds have been preliminarily allocated by the Texas Education Agency to school districts and charter schools based on estimates of fiscal year 2011 WADA. According to federal law, the funds may be used for eligible expenditures through September 30, 2012. Eligible expenditures are compensation, benefits and other expenses necessary to retain, recall or rehire former employees, and to hire new employees to provide educational services.

On the district run, under the “100% Formula Adjustment + Edujobs Fiscal Year 2012” heading, the column titled “Change in Total M&O Revenue” presents estimated revenue changes from current law due to the school finance proposal. This column does not include Edujobs. The next column to the right lists the preliminary Edujobs allocation. The two remaining columns for fiscal year 2012, showing the change in revenue per WADA and the percent change in revenue, include both the M&O revenue change due to the school finance proposal and Edujobs, as noted.
