TSTA statement on Timberview school shooting

Texas State Teachers Association President Ovidia Molina released the following statement today on the shooting at Timberview High School in Arlington:

Four people were reported injured, including a 15-year-old boy in critical condition, in the latest outbreak of gun violence at a school. As always, we offer our thoughts and prayers for the victims and their families and the Mansfield ISD community.

And once again we demand that our elected officials start taking actions to keep guns out of the hands of people who shouldn't have them.

It is past time for lawmakers to quit promoting the gun industry and our gun culture and start promoting public safety by taking steps to protect all of us from gun violence.
